>>> NEW NORTHERN LIGHT CANCER CENTER

It will be held next Sunday May 24th

Northern Light Health announced the creation of the Jim and Cathy Gero Center for Genomics and Advanced Therapies at the Lafayette Family Cancer Institute in Brewer after receiving a \$10 million donation from local philanthropist Jim Gero in honor of his late wife, Cathy. The new center will expand cancer research, clinical trials, and advanced personalized treatments so more patients in northern and eastern Maine can receive specialized care closer to home instead of traveling to Boston. Hospital leaders said the center will build on their partnership with the Dana-Farber Cancer Institute and strengthen access to genomic medicine, which uses a patient's tumor genetics to guide targeted cancer treatments.
