UPDATES

THANKSGIVING WEEK

Thanksgiving is on Thrusday November 26th

Thanksgiving is one of the most celebrated holidays in the United States. It is traditionally a time for families and friends to gather, share a meal, and express gratitude for the things they have in their lives. Many people celebrate by preparing a large dinner, often featuring turkey, mashed potatoes, stuffing, gravy, cranberry sauce, and pumpkin pie. Others travel to spend the holiday with relatives, watch football, or volunteer to help those in need.

Thanksgiving falls on Thursday, November 26, this year. Thursday is a national holiday, and many businesses, offices, and other places of employment are also closed on Friday, giving people a long weekend. Keep in mind that school schedules vary across the area. Some schools will be closed starting Wednesday, while others, including Bangor School Department schools, will be closed for students for the entire week and will hold parent-teacher conferences during that time.

If you have appointments, work, or school-related activities, be sure to check schedules in advance, as hours and closures may be different than usual during the holiday week.
