

# BACK TO SCHOOL BULLETIN

## IMPORTANT TO KNOW

### PENQUIS PROGRAMS

#### Penquis Backpacks are Available Soon!

If you registered with Penquis to get a backpack they will be available for pickup starting August 17th. If MMCC assisted you with this, we will begin delivering your backpacks next week!

### ATHLETIC PROGRAMS

#### Fall Athletics Begin Soon!

The fall sports season is starting soon. Usually, there will be an information night where you can meet the coaches and complete any necessary paperwork. Be sure to check with your school for specific requirements and dates if your child wants to play fall sports (football, soccer, hockey, cheer, golf).

Make sure your child has had a recent physical if required; often, you can ask their doctor to complete the sports forms without scheduling another appointment.

Make sure to review schedules and practice times to stay informed and prepared!

### SCHOOL SUPPLIES

#### What do you need and where to get it?

Parents will typically receive a list of required supplies from the school or their child's teacher. This list may be mailed, handed out on the first day, or provided at an open house.

For older students, schools may not provide a list. High school students might not need items like crayons or markers, but they may require specialized notebooks, calculators, and binders. Teachers often inform students about these special items on the first day, and some may even have extras available for those who cannot obtain them. Walmart, Dollar General, and Amazon are great places for affordable supplies, and usually have promotions this time of year.

## CHILD CARE

Working parents with young children may struggle juggling a school schedule, and their own work schedule. Several organizations in the area offer before and after-school programs, including Bangor/Old Town YMCA, Bangor Parks & Recreation, and local daycares. There are (limited) financial assistance options available to help with costs. With the school year fast approaching, some programs already have waitlists, it's important to apply as soon as possible!
