UPDATES <<<

>>> MOSQUITO TRANSMITTED DISEASES ON THE RISE

There are two serious diseases transmitted by mosquitoes with cases in Maine now. They are Eastern Equine Encephalitis and Western Nile Virus. Both can be really serious, so please make sure that you are wearing mosquito repellents and long sleeve clothes if you go outdoors.

DENTAL CLINICS AT SCHOOLS IN THE AREA <<<

Free dental clinics for children

Some of the schools in the area are offering free dental clinics for the children that attend there. So far we have been able to confirm that both Orono and Veazie are offering this service. Please, ask your school nurse about this, because it is a great way for children to have their teeth checked out.
